

Darwin's Cat Live Experience

Darwin's Cat returned to Earth, where they met Max, who became their session drummer, and began seeking live performance opportunities to reach humans.

- Based in Berlin, Germany.
- Style: art rock / progressive rock / sci-fi rock / alternative.
- Songs performed in English.

Live Formats

We bring the live signal of Darwin's Cat to Earth in two formats.

- At its core, Darwin's Cat is a duo. For smaller venues and atmospheric settings, we perform as a **semi-acoustic duo** — **guitar/vocals and bass**. We can also bring our own combo setup (bass + acoustic/vocals), suitable for spaces of around 30–50 people, depending on the event.
- For full electric shows, we bring our session drummer and make it loud.

Set length is flexible — from 20 to 45 minutes, depending on the event.

For booking purposes, rehearsal-based live demo videos for both formats are available below:
